

Bacich Elementary

The success of our community is directly connected to the quality of our children's education. Join us today as a Partner for Education.

Kent Middle School

Bacich and Kent are both California Distinguished Schools and continue to rank at the top of the Academic Performance Index (API) for Marin and California.

THE KENTFIELD SCHOOLS

Bacich Elementary

Bacich Elementary School provides an outstanding academic curriculum that builds a strong foundation in the basics. Reading, Mathematics, and Writing are integrated with Science and Social Studies, Art, Music, and Physical Education. Technology is an integral learning tool incorporated into many subjects. Bacich has received a number of Golden Bell Awards.

Kent Middle School

Kent Middle School boasts an award-winning program. In a supportive environment, Mathematics, Science, Language Arts and Social Studies are designed to meet the academic, social and emotional needs of the middle school student. In addition, Spanish, Art, Music, Drama and Physical Education are an integral part of the curriculum.

FOUNDATION

2009-2010

Working Together
to Build a
Stronger Community

Why Become a Partner for Education?

For over 27 years, the Kentfield Schools Foundation has provided crucial funding to the Kentfield School District.

As a *Partner for Education*, you join over 700 Kentfield School District families and community members who contribute to KSF

to bridge the gap between inadequate State funding and the increasing needs of our schools.

It's all about the education of the children—when families and businesses work together, we build a stronger community.

What Community Members Have to Say:

“As Kentfield School parents who sincerely appreciate these businesses supporting our schools, before making any significant purchases, we turn to the KSF Directory and KSF Yellow Pages. If there is a business partner in the Directory offering what we are seeking, they are our first and often only call. We urge all parents to thank KSF’s Partners for Education by doing the same.”

—Mark and Janet Epstein, Bacich Parents

“Advertising in the Kentfield Schools Directory perfectly illustrates the concept of “doing well by doing good.” I receive a great return on my ad expense while also doing my part to support our local schools. I know that advertising in the KSF Directory works not only because I receive business calls and referrals directly from my ad, but also because I personally use the directory every day, and I always look to our business partners when choosing a service provider or local business.”

—Susan Van Liere, Alain Pinel Realtors

“Our family always reaches for the KSF Yellow Pages when searching for a product or service. We have a KSF Directory at home and another in our car so no matter where we are, we can always make sure we are giving a Partner for Education our business.”

—David Pyle, Bacich Parent

THE KENTFIELD SCHOOLS FOUNDATION PARTNERS FOR EDUCATION Community Business Program

The **Partners for Education** Program is a unique way to increase business visibility while supporting public education in the community. Last year, over 350 businesses and professionals supported our schools by joining our program.

As a **Partner for Education**, your business will receive a display ad in the Kentfield Schools Directory in recognition of your support. District families use the KSF Directory on a daily basis, all year long.

Participation in our Partners for Education Program means your business will be the first choice for our school community.
